Lincoln County Humane Society

Volunteer Hours Available

The Lincoln County Humane Society is a charitable not-for-profit organization dedicated to the humane treatment of all animals. We will provide safe refuge and compassionate care for animals.

Hundreds of volunteers give thousands of hours annually to the animals at the Lincoln County Humane Society. Volunteers are vital to our survival and on behalf of the animals, we truly appreciate all of their efforts!

VOLUNTEERS do make a DIFFERENCE!

Small Animal Volunteer: Small animal volunteers socialize and take care of small animals like guinea pigs, hamsters, rabbits, fancy rats, birds, reptiles, chinchillas, and degus.

For more information on being a small animal volunteer please contact: smallanimals@lchs.ca

Inside Volunteer: Inside volunteer positions are often filled by cooperative education students and those looking to complete community service hours. This opportunity mainly consists of keeping the shelter and animals clean. With generally over 100 animals in the shelter at any given time, cleaning is a priority and the LCHS truly relies on dedicated volunteers to assist with keeping the shelter looking great and the animals clean. We ask volunteers to be 15 years or older for this program.

Please email: insidevolunteer@lchs.ca for more information.
